GIANT PRIMROSES

GIANT BOUQUET STRAIN HARDY POLYANTHUS PRIMROSES

GROUP SP3 5 Mature Blooming Plants **\$2.39**

This exceptional strain of English primroses is noted for the size of flowers and brilliance of color which ranges through the reds, pinks and yellows, bronze to white. As this is a giant flowered hybrid strain the colors are available only in an assortment and not to individual color. Polyanthus primroses do best in a rich, moist soil with protection from the hot afternoon sun. See pages 40 & 41 for other primroses.

SEE PAGE 47 FOR FREE GIFTS.

HARDY PERENNIALS

Rocknoll's hardy perennials are all grown in the open field and are at least two years old. Our soil is just ordinary farm soil such as produces corn or alfalfa. Our temperatures range from -20°F to +100°F. Some few varieties are best grown in pots to assure successful transplanting.

OLD FASHIONED BLEEDING HEART

P9 DICENTRA SPECTABILIS

56c EA. 3 FOR \$1.50 \$5.50 DOZ.

2-3 eye blooming plants. The old fashioned bleeding heart plant is covered with graceful spires of blood-red hearts. In hot weather the plant sometimes dies down early. These are not dead or even seriously weakened by this. Mark their location so as not to destroy the flowering buds by cultivation. They thrive in good ground in either sun or shade.

P9A SPECIAL While they last. Large 4-5 blooming eye plants of old fashioned bleeding hearts.

\$1.00 EACH 3 FOR \$2.50

4 NAMED COLUMBINE

1 each of above 4 kinds

GROUP P29 \$2.25

ROCKNOLL'S GIANT STRAIN LONG SPURRED COLUMBINE

Famous giant strain of long spurred aquilegia noted for brilliance of color and large flowers. A group of these giants will add a spot of color to your garden. Best planted in groups.

GROUP P17

3 for \$1.50 5 for \$2.00

P157 McKANA'S HYBRID

LONG SPURRED COLUMBINE

The McKana strain of aquilegia is characterized by its tall plants to 3-ft., large flowers, and soft pastel shades of its flowers. The growth is vigorous, the large sprays are out of this world for flower arrangements.

75c EACH

3 FOR \$2.00

ASTILBE

HERBACEOUS SPIREAS

One of the most pleasing perennials you can have in your garden. These selected varieties are very colorful and will grace your garden walks with their plumes, to 30 in. high. For those desiring cutting flowers the Astilbes are "tops." Good in sun, semi-shade, or in wet spots but do not allow to completely dry out.

75c EACH 3 FOR \$2.00 \$7.50 DOZEN

P174A BREMEN—A new shade of coral blended dark carmine pink.

P175 FANAL—Very compact heads of intense brick red flowers.

P176 GLADSTONE—Free flowering clear white. Be sure to plant some white to contrast the other colors.

P177A QUEEN ALEXANDRIA—The best clear pink Astilbe.

4 BETTER ASTILBES

\$2.50

BERGAMONT

MONARDA HYBRIDS

60c EACH 3 FOR \$1.69 10 FOR \$5.50

The Monardas are easy to grow in most any garden soil in sun or partial shade. Flowering in early summer they will repeat if the old flowers are kept cut off. Will naturalize at the edge of woods or near a stream if so desired.

P18 CAMBRIDGE SCARLET—A newer color of deep bright scarlet.

P19 SALMON QUEEN—An eye-catching soft salmon pink.

4 NEWER HYBRID BERGAMONTS
GROUP P30 2 Each of above colors. \$2.00

SUMMER and FALL FLOWERING

CARDINAL LOBELIA

P1-34A LOBELIA CARDINALIS

LARGE FLOWERING MATS 75c EA. 3 FOR \$2.00

Cardinal Lobelia is one of the showiest late flowering perennials. If possible plant near or beside a pool, lake, or stream for best flowering results or at least in a well watered spot. The flowers are brightest Cardinal Red on thrifty spikes up to 30 in. high.

HARDY PERENNIAL FLOWERS

PACIFIC GIANT DELPHINIUM

This giant strain of Delphinium was developed several years ago on the Pacific Coast. Through extensive trial they have proven to be the best and the hardiest for successful planting throughout the United States. Their stately spikes with giant flowers are unsurpassed.

NAMED VARIETIES

75c each 3 for \$2.00 10 for \$6.50

- P48 ASTOLAT**—The pink Delphinium. A magnificent flower with tall spikes of showiest colors ranging from blush pink through deep rose. Brown and black bees.
- P42A BLACK KNIGHT**—Dark clean blue velvety flowers with darker white bee.
- P43A CAMELIARD**—Vary large pure lavender with pronounced white bee.
- P44A GALAHAD**—Giant glistening pure white with lovely white bee.
- P45 GUINEVERE**—Delightful pinkish lavender flowers with white bee.
- P46 KING ARTHUR**—Simply outstanding deep dark violet with contrasting white bee.

Group P1-32A

SHOW GIANT FLOWERED PACIFIC DELPHINIUM

60c EACH 3 FOR \$1.69 10 FOR \$5.50

- P47A** This strain has huge flowers 2½ to 3½ inches in diameter, beautifully spaced on well balanced spikes often up to 6 ft. high. The colors, while only in a mixture, are evenly balanced through the entire color range of the named sorts. For a real "knockout" in your garden plant a group of these really giant show Delphinium.

5 SHOW GIANT PACIFIC HYBRID DELPHINIUM \$2.25
Group P47

P155 DELPHINIUM CLIVIDEN BEAUTY

A vastly improved strain of Belladonna or light blue Delphinium. Tall stems with full spikes of bloom. Very prolific in flower, the one to grow if you want lots of cutting flowers.

56c each 3 for \$1.50 \$5.50 dozen

SHOWY PEACH BELLS

P1-33A CAMPANULA PERCISIFOLIA

75c EACH 3 FOR \$2.00 10 FOR \$6.00

The Peach Bell Campanula is one of our "better" hardy perennials, so named for its foliage which resembles peach leaves growing in a basal rosette. The large lavender blue flowers appear on tall stems 30-36 inches in height opening day after day. It is best to divide and transplant after 2 years of flowering.

PERENNIAL HARDY FALL ASTERS

MICHAELMAS DAISIES OR NOVI-BELGI ASTERS

The hardy perennial Asters fill a much needed spot in the outdoor garden as they bloom from late August through September. Their flowers while not too showy individually bloom in great masses of color and brighten the garden before the

Chrsanthemums start in the fall. Best used in groups at the back of the perennial border in sun or semi-shade. They grow 30 to 36 inches high.

PA6 ABENDROTHER—Very vigorous grower. Flowers of a deep rose pink.

PA8 LITTLE RED BOY—The showiest Red. Very strong grower lower than others.

PA7 CLIMAX—Fine large blue flower with bright yellow stamens.

PA9 WHITE LADY—Just about the best. Pure white Aster.

60c each 3 for \$1.69 10 for \$5.50

4 MICHAELMAS DAISIES \$1.98

BEAUTIFUL SHIRLEY FOXGLOVES

P171 DIGITALIS HYBRIDS

60c each 3 for \$1.69 10 for \$5.50

The English Shirley Foxgloves bloom in spikes of flowers to 30 inches high. The flowers are shaped like a small mitten, and come in assorted and blended shades of pink, cream, red, rose, yellow with showy brown spots.

GROUP P171A
TRY 5 SHIRLEY FOXGLOVES large plants \$2.00

EVERBLOOMING LYTHRUM

The newer hybrid Lythrums are one of our most useful garden flowers. Their flowers are much larger than the wild species and their blooming period extends from late May into October. Lythrums are at their best in a moist or really wet sunny location where their spikes of rosy red flowers will often reach 4 ft. in height. However, if you have an ordinary garden they will thrive there also.

60c each 3 for \$1.69 10 for \$5.50

P101 ROBERT — We have grown all the new Lythrums reported to be red, purple, lavender, rose, pink, etc. They all bloom about the same color for us. The variety Robert does grow more vigorously, therefore we are listing just that one variety.

DOUBLE ENGLISH HOLLYHOCKS

CHATER'S TRUE COLOR STRAINS

Please do not confuse these true fully double true color Hollyhocks with the old fashioned single kinds. These plants are really choice. They are beautiful for garden show or for cutting. Best planted in groups.

YOUNG SHADE TREES

Next to evergreens and roses, shade trees for the lawn are the most important for home landscaping. For the purposes of shipping and consequent successful growing, we list only the younger sizes of shade trees that we know will grow well for you.

MAPLES

T21 NORWAY MAPLE—ACER PLATANOIDES

Very hardy maple. Slow growing. Excellent for street use. Grows to 90 ft. 12-15 in. trees.

75c EACH 3 FOR \$2.00

T2 SUGAR MAPLE—ACER SACCHARUM

The old reliable hardy sugar maple is just about the most popular and most permanent of all shade trees. Lovely fall colors.

2 Ft. Trees 56c EACH 3 FOR \$1.50

T3 SILVER MAPLE—ACER DASycARPUM

The extremely fast growing soft maple that will give you shade in a hurry.

3 to 4 Ft. Trees 56c EACH 3 FOR \$1.50

CRIMSON KING

T1 CRIMSON KING PATENT #735

Brilliant red leaf, truly the king of all maples. A red-leaved tree which maintains its color all season long. Straight trees.

3 to 4 Ft. High 2.75 Each 3 for \$7.00

T15 LITTLE LEAVED LINDEN

TILIA CORDATA

18-24 IN. HIGH 75c EACH 3 FOR \$2.00

An excellent shade tree for street or home use. Not too fast growing, hence not invasive of water mains, sewers, etc.

FISH BAIT TREE

T30 CATALPA SPECIOSA

60c Each 3 for \$1.60

Handsome pyramidal tree. Very vigorous and hardy. Covered in early summer with fragrant large lavender flowers. Wood resistant to soil and water. The caterpillar of the Catalpa Moth of course loves the foliage of this tree and gives the fisherman a home-grown supply of bait.

T7 WEEPING WILLOW NIOBE

The dark yellow barked willow that has proven the hardest and fastest growing of the weepers.

3-4 FT. TREES 56c EACH 3 FOR \$1.50

FAST GROWING COLUMNAR POPLAR

T9 SIMONI—Chinese Poplar, 2-3 Ft.

56c EACH 3 FOR \$1.50

This variety is disease-resistant and thrifty where the Lombardy Poplar usually fails.

JAPANESE ELM

T29 ZELKOVA SERRATA

56c Each 3 for \$1.50

A sturdy growing upright shade tree forming neat rounded heads. Somewhat resembles the common Chinese elm but has strong wood and does not shatter. Fast growing while young, well worth a place in the most discriminating garden.

T23 CHINESE CORK TREE

Phellodendron Amurense—Extremely hardy tree. Wide open massive branches, grows to 45 Ft. Cork-like bark; perfectly hardy in the north.

2-3 FT. TREES 75c EACH 3 FOR \$2.00

T24 PIN OAK

3 FOR \$1.40 10 FOR \$3.50

An ideal evergreen. Needs little trimming. Plant 10 in. apart.

E45 HEDGE YEW—Same plant and price as above. Can be kept trimmed low for low hedge. Plant 14 inches apart.

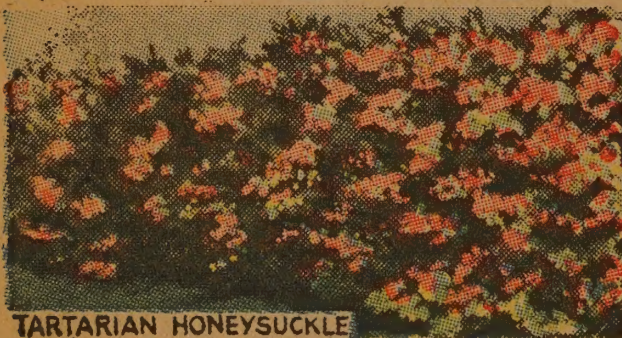

ARCTIC WILLOW

RED BARBERRY

SPIREA VAN HOUTEI

TARTARIAN HONEYSUCKLE

MULTIFLORA ROSA

S82 2 YR. OLD FIELD GROWN PLANTS
12-15 IN. HIGH PLANT 12 IN. APART

25 FOR \$2.00 100 FOR \$7.50

"The Living Fence Rose." Grows 6 to 8 ft. tall and nearly as wide. An excellent hedge fence for a large place. Single flowers, pink and white, red fruit. Provides shelter and food for wild birds and game.

FLOWERING VINES

GIANT FLOWERED CLEMATIS

These are the most showy of all flowering vines with flowers in a wide array of colors, many exceeding 6 to 8 inches in diameter. The varieties listed all flower on the new year's growth and if watered and fed occasionally, will flower all season long. They require a trellis or wires to cling to, and will flower in sun or partial shade. Quite hardy and easily established with our large field grown plants.

	EACH	PER 3
V8 GYPSY QUEEN — Velvety violet purple, blooms at its best later than most Clematis, hence is of great garden value.	\$1.39	\$4.00
V10 JACKMANI — The first and still the most popular of all hybrid Clematis. Light purple.	1.39	4.00
V31 JACKMANI ALBA — New vigorous white form of ever sturdy, ever pleasing Jackman's Clematis.	2.00	5.00
V32 JACKMANI SUPERBA — One of the outstanding newer Clematis. Giant flowers, dark violet purple.	2.00	5.00
V25 LAWSONIANA — Beautiful large blue flowers appear all season long. Strong grower.	1.39	4.00
V33 MADAME LE COULTRE — Another new white; early blooming. Vines smothered with flowers.	1.39	4.00
V34 NELLIE MOSER — Mauve overlaid red gives this Clematis a startling appearance of pink.	1.75	4.50
V35 THE PRESIDENT — A new reddish plum violet Clematis that will fill your summer garden with the richness of climbing roses in June.	2.00	5.00
V36 VILLE DE LYON — Bright carmine red flowers with darker red center. Very long blooming season.	1.39	4.00

3 for \$2.00

DUTCHMAN'S PIPE VINE

V9 TRUE ARISTOLOCHIA SIPHO

\$1.65 each

3 for \$4.50

Curious dark reddish pipe-like flowers are a garden delight. Few vines are better adapted to porches as their large heart-shaped leaves form a dense screen. The variety Siphon is a specially selected form of our native plant.

EVERGREEN BITTERSWEET

E65 EUONYMUS VEGETUS

The only truly evergreen vine we know. Clings readily to wood or masonry. Foliage size of a quarter. Fruit is red and orange like the true bittersweet. Potted plants.

56c

3 for \$1.50

\$5.50 dozen

BITTERSWEET FOR FALL COLOR

75c each

3 for \$2.00

Robust vines covered in fall with showy orange and red berries that keep well for indoor decorations. For best results plant two vines in one hole to assure berries.

V25 CELASTRUS SCANDENS — American Bittersweet. Very hardy vine with showy fruit. Ideal for sunny or shady spot. Will climb over fences, wood piles, etc.

V31A CELASTRUS ORBICULATUS — Oriental Bittersweet. Much like the preceding but with larger leaves and berries; more vigorous in growth.

RARE CLIMBING HYDRANGEA

V23 HYDRANGEA PETIOLARIS

A wonderful vine for sun or shade. Fragrant Hydrangea heads all summer thru. Clings to wood or masonry. Slow growing but very hardy. 3-inch pots.

\$1.00 each

3 for \$2.75

ROCKNOLL'S CHOICE FLOWERING SHRUBS

FLOWERING ALMOND

S21 DOUBLE PINK FORM

One of our showiest shrubs. Covered in April and May with masses of bright double pink flowers. Grows to 5 feet. 18-24 in. plants.

75c Each 3 for \$2.00

ABELIA WAX BUSHES

Glossy leaved plants practically evergreen. Grow in sun to partial shade. Plants covered from late July till October with tubular-shaped flowers. 12 to 15 in. plants.

\$29 A. GRANDIFLORA—Easily grown. 4 ft. high. Flowers a lovely blush pink.

75c Each 3 for \$2.00.

\$99 A. EDOUARD GROUCHER—A newer sort, somewhat lower growing. Flowers a true deep pink. \$1.00 Each 3 for \$2.50

KERRIA JAPONICA

GOLDEN GLOBE FLOWER

Filled with beautiful yellow flowers from June to September. Does well either in sun or shade.

\$118 DOUBLE KERRIA—Yellow flowers in summer months. 18-24 in. plants.

75c Each 3 for \$2.00

LARGE FIELD GROWN SHRUBS

Rocknoll's shrubs are all 2 year old well-branched field-grown plants and in no case should be compared with small pot-grown shrubs usually sent out on mail orders. Our well-rooted, well-branched shrubs should bloom this coming season. Size of each shrub is listed individually because of variation in varieties. Remember—to get these large shrubs you must order early.

BEAUTY BUSH

S43 KOLKWTZIA AMABILIS

Hardy anywhere, has excellent foliage. Covered with bell-shaped pink flowers in June. Very outstanding. Grows to 6 ft. in height. 15 to 18 in. plants.

75c Each 3 for \$2.00

SWEET SHRUB

S26 CALYCANTHUS FLORIDA

Handsome glossy green foliage. Fragrant dark reddish brown flowers in early spring; for sun or shade. Grows to 5 ft. high. Sometimes known as the strawberry shrub. 18 to 24 in. plants.

75c Each 3 for \$2.00

BURNING BUSH

S52 EUONYMOUS ALATUS COMPACTUS

Dwarf Corkbush Euonymous. Noted for its brilliant red fall foliage. Slow growing and permanent. Grows to only 4 1/2 ft. tall. 12-15 in. branched plants.

\$1.25 Each 3 for \$3.25

BLUE MIST FLOWER

S73 BLUE SPIREA
CARYOPTERIS

75c Each 3 for \$2.00

This showy shrub blooms all summer long with showers of small blue flowers covering the 4 ft. bushes, hence the name, Blue Mist. It is quite hardy but profits greatly if cut back every second year in early spring. Will do in sun or half shade. 15 to 18 in. plants.

7 GOOD SHRUBS TO GROW IN THE SHADE

There is a great need for shade loving shrubs to form screens or lend privacy in shady spots under trees or by buildings. The following varieties are excellent for this purpose.

SUMMER HYDRANGEA, A. G.
SWEET SHRUB.
FRAGRANT BUSH HONEYSUCKLE
FALL WITCH HAZEL
WINTER BERRY

HYDRANGEA ARBORESCENS GRANDIFLORA

S86 SNOWHILL HYDRANGEA A. G.

75c each 3 for \$2.00

Large showy pure white heads of flowers blooming in June and July. Does well in either sun or shade. 12-15 in. high.

HYDRANGEA HORTENSIS—NIKKO BLUE

S102 \$1.25 each. 3 for \$3.49

A vigorous true blue hardy hydrangea. This variety blooms on the new wood but should be mulched well over winter. Flowers are large—a foot or more across, borne thruout the summer. Flowers are pink in alkaline soils, blue when soil is acid. Plant in half peat in shade or half shade. 12-15 in. high.

HARDY FALSE CAMELLIA

S1-22A Stewartia Pseudo-Camellia

\$1.00 EACH 3 FOR \$2.50

A large shrub to 12 ft. with showy bright green leaves. The flowers are large, white to bluish pink, 4 to 5 inches across, greatly resembling the tender Japanese Camellias. Quite rare. 15 to 18 in. plants.

HYDRANGEA MACROPHYLLA ROSEA

S102A PINK HYDRANGEA

\$1.25 EACH 3 FOR \$3.49

Noted for its hardiness and vigor. Produces large showy flowers of bright pink. Does well in sun or partial shade. Mulch with peat or rotted sawdust. 12 to 15 in. plants.

LAVENDER SHRUB MINT

S1-23A Elscholtzia STAUNTONI

75c EACH 3 FOR \$2.00

A very unusual aromatic low growing shrub. The stems, foliage and flowers all have a mint-like odor. The flowers appear in late summer and fall in showy spikes of lavender flowers. 15 to 18 in. plants.

HYPERICUM HIDECOTE

S22 GIANT ST. JOHN'S WORT

Fine low-growing shrub for the foreground. Covered from June to frost with giant golden flowers. A real beauty for summer bloom. 2 year old plants 18-24 in. high.

\$1.00 EACH 3 FOR \$2.50

HYPERICUM KALMIANUM

S120 POT-O-GOLD

Blue green foliage, showy yellow flowers. 15-18 in. plants. Blooms all summer long.

75c EACH 3 FOR \$2.00

CRAPE MYRTLE

S17 LAGERSTROMIA
INDICA—WILLIAM TOUVEY

Hardy south of the Ohio River and north in protected places. We offer the watermelon red form as the hardiest for us. 18-24 in. shrubs.

\$1.25 EACH 3 FOR \$3.25

STEPHANDRA INCISA

S21A 75c EACH 2 FOR \$2.00

Prostrate shrub. Effective alone or in walls. Wide-spread slender branches and divided bright green leaves changing to reddish purple in fall—unusually attractive! (Clusters of minute white flowers are insignificant). Hardy to Great Lake areas.

ROCKNOLL'S CHOICE FLOWERING SHRUBS

OLD FASHIONED LILAC

S12 PURPLE SYRINGIA VULGARIS

Covered in late April and May with fragrant heads of purplish blue flowers. 15 to 18 inch plants.

75c each
3 for \$2.00

PERSIAN LILAC

S13 SYRINGIA PERSICA

A very hardy and showy shrub covered in May with showy heads of reddish purple flowers. 18 to 24 in. plants.

75c each
3 for \$2.00

ROCKNOLL'S SELECTED FRENCH HYBRID LILACS

The gorgeous colors, delightful fragrance and large mostly double flowers lend charm and unequalled beauty wherever grown. Perfectly hardy—own root plants that may bloom this year, if planted early. Next year sure. Two sizes available.

18-24 in. High 75c each, 3 for \$2.00 2-3 ft. High \$1.00 each, 3 for \$2.75

- S115 ALFONSE LAVALLE—Buds reddish, opening blue with red reverse.
- S7 BELLE DE NANCY—Full large heads of double pink flowers.
- S8 CHARLES JOLY—Profuse deep rose red, excellent for cutting.
- S114 GENERAL SHERIDAN—Double white.
- S1 GLOIRE DE LORRAINE—Very large double deep reddish lilac.
- S2 JACQUES CALLOT—Large single pink, reverse lilac pink.
- S6A MICHAEL BUCHNER—Great trusses of double rose pink blooms.
- S3 MOUNT BLANC—Outstanding pure white single flowers.
- S4 NEGRO—Vigorous grower. Flowers deep lavender.
- S100 PRESIDENT GREVY—Double flowers of lovely clear blue.
- S5 PRESIDENT LINCOLN—Showy deep blue single flowers.
- S6 VIOLETTA—Brilliant intense rich lavender purple

THE BUSH HONEYSUCKLES

15-18 INCH PLANTS

60c each 3 for \$1.60 10 for \$5.00

FRAGRANT BUSH HONEYSUCKLE

- S31 LONICERA FRAGRANTISSIMA—Its very fragrant yellowish white blossoms are among the first flowers of spring. The large glossy leaves are practically evergreen. Grows well in shade and poor soils where other less hardy plants fail. Grows 7 to 10 ft. high.

TARTARIAN BUSH HONEYSUCKLE

- S32 LONICERA TARTARICA RED—Vigorous grower. Ideal for high screens or the back of the shrub border. One of the few early pink flowering shrubs. Has bright red berries that cling all summer. Grows 12 to 15 feet high.

RED RUSSIAN HONEYSUCKLE

- S124 LONICERA SACHALINESE—An upright honeysuckle distinct for its vigor and showy purple flowers. Comes from the Sachalin Peninsula in Siberia. Foliage red in spring.

JAPANESE SNOWBELL S203 STYRAX JAPONICA

75c each 3 for \$2.00

A lovely Japanese shrub eventually growing to 10 ft. with racemes of showy white bell-like flowers. Perfectly hardy but often overlooked in our gardens.

BEAUTIFUL DOUBLE ALTHEAS

HARDY SUMMER CAMELLIAS

60c each 3 for \$1.60

Free flowering upright shrubs, literally smothered in Aug. & Sept. with large double flowers closely resembling Camellias.

- S44 JEANNE D'ARC—Double white, red center.
- S45 ANEMONAEFLORUS—Double Pink.
- S46 LUCY—Dark fire red.
- S47 ARDENS—Light lavender blue.

GROUP S48
1 each above
ALTHEAS
\$2.00

DWARF RED LEAFED

JAPANESE MAPLE

S74 ACER PALMATUM

\$2.00 each 3 for \$5.50

A dwarf tree best grown as a shrub. Useful as a specimen or in foundation plantings. The new growth is blood red, becoming deeper red as the season advances. Trees 12-15 in. high.

ROCKNOLL'S CHOICE FLOWERING SHRUBS

BUTTERFLY BUSHES BUDDLEIA—SUMMER LILACS

Perhaps the most prolific flowering of all shrubs blooming continually from July till frost if kept picked. Large attractive spikes of flowers 8 to 10 in. long. Tips freeze back in winter, but renew rapidly in spring. Plants 6 in. to 8 in. high with ball of Sphagnum and Perlite intact on root to assure successful transplanting.

JAPANESE BEAUTY BERRY

**S27 CALLICARPA
PURPUREA**

Low growing shrub covered with pink flowers in August and filled with purple berries from September on. 18-24 in. high.

75c EA. 3 FOR \$2

NEW DWARF "RED" SPIREA

75c EACH 3 FOR \$2.00 10 FOR \$6.50

S85 SPIREA JAPONICA COCCINEA—Very dwarf crimson flowered shrub; blooms all summer. True form grows 3 ft. high. 12-15 in. plants.

TRUE BRIDAL WREATH SPIREA

75c EACH 3 FOR \$2.00 10 FOR \$6.50

S70A SPIREA PRUNIFOLIA PLENA—Covered by actually thousands of double button-like flowers in early spring. The true bridal wreath is unexcelled in this burst of color. Spirea Van Houttei is sometimes called bridal wreath but this is the true one.

FRAGRANT —MOCK ORANGE

Philadelphus-Syringa

Sturdy shrubs with single and double flowers having the fragrance of oranges.

S50 MINNESOTA SNOWFLAKE—\$1.25 Ea. 3 for \$3.25 Patent No. 538. Large double, ever-flowering. Grows to 8 ft. high; exceptionally fine foliage. 18-24 in. high.

DWARF MOCK ORANGE S51 NIVALIS

75c 3 for \$2.00 10 for \$6.50

Extra large waxy flowers in immense clusters. Everyone likes this because of its compact habit and lovely flowers.

NORTHERN BAYBERRY S1-6 MYRICA PENNSYLVANICA

75c EACH 3 FOR \$2.00 10 FOR \$6.50

Spreading shrub grows to 6 ft. high. Leather-like leaves appearing evergreen. The early colonists used its grey waxy berries for candle making. Now the berries form interesting winter decoration both indoors and outdoors.

ROCKNOLL NURSERY, MORROW, OHIO

ROCKNOLL'S CHOICE FLOWERING SHRUBS

PLANT VIBURNUMS FOR 9 MONTHS OF GARDEN SHOW IN FLOWERS, FRUIT, COLORFUL FOLIAGE

As a group of shrubs for general garden use the Viburnums are without peer. Their general vigor, their ease of culture for the amateur gardener plus the beauty of their flowers, fruit and foliage bear this out. Some of the varieties are equally beautiful at all seasons of the growing year. Most Viburnums are little prone to disease or insect attacks except the old fashioned snowball which is replaced by the newer pink fragrant snowballs.

BERRIED VIBURNUMS

The following varieties are noted first for their great show of berries. Most of them also have quite lovely flowers and colorful fall foliage.

75c EACH 3 FOR \$2.00 10 FOR \$6.50

S1-10 V. DILATATUM—LINDEN LEAVED VIBURNUM—Creamy white flat flower clusters in June, large clusters of bright red berries and russet foliage in fall. 15-18 in. plants.

S65 V. DENTATUM—ARROW WOOD. Clusters of white flowers in May followed by showy blue berries. Leaves glossy red in fall. Good for semi-shade. 18-24 in. plants.

S1-9 V. SARGENTI-ASIATIC BUSH CRANBERRY. Handsome upright shrub with large leaves and extremely showy bunches of large bright red berries. 15-18 in. plants.

S93 V. THEIFERUM — TEA VIBURNUM. 15-18 inch branched plants. Upright growing shrub with heads of white flowers followed by extremely showy orange-red berries that cling all fall. Where native in China, leaves are used for tea making.

GROUP S1-14

The **4** BERRIED VIBURNUMS as described above 1 of each **\$2.69**

FRAGRANT PINK SNOWBALL VIBURNUMS

These newer pink Viburnums have revolutionized the snowball shrub business. Being fragrant, pink to flesh in color, disease-free and in two cases, semi-evergreen in foliage, the old disease-prone common snowball is done.

75c EACH 3 FOR \$2.00 10 FOR \$6.50

S58 BURKWOODI—KOREAN SNOWBALL — Foliage evergreen except in the most severe winters. Flowers large, fragrant, light pink in early May. 15-18 in. plants.

S125 CHENAULTI—CHENAULT'S SNOWBALL — A new Hybrid snowball also with semi-evergreen leaves. It is fast growing and flowers on small bushes. Forms large pink snowballs in early May before new growth starts. 12-15 in. plants.

S59 JUDDI—SPICE ODORED SNOWBALL — A great improvement on the well-loved V. Carlesii as it grows faster, bears flowers younger and more prolifically. Otherwise the flowers are just as beautiful and as fragrant as V. Carlesii. 15-18 in. plants. Does well even in $\frac{3}{4}$ shade.

GROUP S1-15

THE **3** FRAGRANT PINK SNOWBALLS LISTED ABOVE **\$2.00**

VIBURNUMS FOR SHADE

We would like to recommend these Viburnums for use in shady or semi-shady locations.

GROUP S1-11 V. DENTATUM, V. RHYTIDOPHYLLUM, V. JUDDI

1 Each Of These For Only **\$2.39**

SHOWY FLOWERED VIBURNUMS

This group is noted primarily for showy flowers, but again, fruit and fall coloring of foliage play a great role in determining ornamental value.

75c EACH 3 FOR \$2.00 10 FOR \$6.50

S57 V. TOMENTOSUM—JAPANESE SNOWBALL — A free flowering shrub with cluster heads of flowers all along the stem. Much better than old fashioned snowball. Bright red berries in early fall.

S1-8 V. WRIGHTI—WRIGHT'S VIBURNUM—Large heads of very bright white flowers followed in the fall by crimson colored leaves and even more crimson red berries. Be sure to try this one. 18-24 in. plants.

S116 V. SIEBOLDI—SIEBOLD'S VIBURNUM—Many authorities consider this the finest of all viburnums, first, because of its extreme hardiness; second, for its large white flower clusters; third, for its fruit—first red, then turning black when ripe. 15-18 in. plants.

S63 V. TRILOBUM—AMERICAN HIGH BUSH CRANBERRY —Usually planted for the large red berries but we think an established plant covered with heads of large cream colored flowers in late May makes this shrub one of our most startling spring sights. 15-18 in. plants.

EVERGREEN VIBURNUM

\$1.25 EACH 3 FOR \$2.50

S126 VIBURNUM RHYTIDOPHYLLUM — A true broad leaved evergreen as far north as the Ohio River and in most locations into Michigan to New York City areas. Does well in semi-shaded areas. Its flowers borne in large flat clusters are showy. The fruit is red turning to black in fall. Plants 15-18 in. high.

VIBURNUMS FOR SHOWY FALL LEAF COLOR

When planning your shrub border for specimens about the yard, consider using some of the showier red leaved Viburnums for brilliant fall color. We suggest as the best V. Sieboldi, V. Wrighti, V. Dilatatum.

GROUP S1-12

3 VIBURNUMS WITH SHOWY FALL COLOR

1 EACH OF V. SIEBOLDI, V. DILATATUM, V. WRIGHTI **\$2.00**

ROCKNOLL'S CHOICE FLOWERING SHRUBS

CRANBERRY COTONEASTERS

The Cotoneasters are a great race of shrubs, mostly from the mountains of Asia, a few from Europe. From the hundreds of species available we have selected these few as really outstanding. All three varieties have large red berries, hence the name Cranberry Cotoneasters.

75c EACH 3 FOR \$2.00 10 FOR \$6.00

S35 COTONEASTER DIVARICATA—A handsome shrub growing to 6 ft. high, with shiny glossy leaves and thick red berries. Flowers are small, light pink. Plants 18-24 inches high.

R58 COTONEASTER ADPRESSA—A low growing shrub to 2 ft. high. Masses of tight branches with glossy leaves hugging the branches. Flowers pink, followed by large showy red berries in the fall. 8 to 12-in. plants.

R59 COTONEASTER PRAECOX—Similar to C. Adpressa but not as dense in growth reaching 4 ft. high. Because of its more open growth the large red fruits are more noticeable. Both Adpressa and Praecox are excellent subjects for hillsides, rock gardens and beside steps.

RUSSIAN OLIVE

S1-16 ELEAGNUS ANGUSTIFOLIA

60c EACH 3 FOR \$1.69

10 FOR \$5.50

A tall growing shrub with grey foliage, silvery flowers and orange berries. Hardy and vigorous, its grey silvery foliage forms a pleasing contrast with other green leaved shrubs.

WINTER BERRY

S123 ILEX VERTICILLATA

75c EACH 3 FOR \$2.00

A deciduous holly with bright red berries from summer thru winter. Very hardy. Grows in any good garden soil. 12-18-in. plants.

TAMARIX AFRICANA

S18

75c EACH 3 FOR \$2.00

Cheery bright green foliage, hidden with thousands of bright pink flowers in May and June and scattered throughout the summer. This is the hardiest and most vigorous of the Tamarix. Grows 12 to 15 feet high. 12-15 in. plants.

WITCH HAZELS

WINTER FLOWERING SHRUBS

15-18-In. Plants

75c EA. 3 FOR \$2

S42 FALL WITCH HAZEL — HAMAMELIS VIRGINIANA — A most interesting shrub that blooms in October and November with ribbon-like yellow flowers. Does well in sun or shade.

S119 SPRING WITCH HAZEL HAMAMELIS VERNALIS —Fragrant yellow and red ribbon-like flowers in January and February. Very hardy. Dense grower.

CARDINAL SHRUB

S14 WEIGELIA VANICEKI

75c EACH 3 FOR \$2.00

Bright cardinal red trumpet-shaped flowers starting in late May and intermittently throughout the summer. Grows to 8 ft. high. Does well in sun or partial shade. 18-24 in. high plants.

SPRING "FIRE BUSH"

S28 CYDONIA JAPONICA

75c EACH

3 FOR \$2.00

New taller, upright growing type. Early in spring this attractive shrub is completely covered with dazzling orange-scarlet flowers which are followed by small, fragrant quince-shaped fruits. Foliage is waxy and dark green. Branches are rough and closely knit, making it desirable for hedges. 15-18-in. high.

WEIGELIA

S61 NANA VARIEGATA SILVER

75c EACH 3 FOR \$2.00

Variegated foliage. Flesh colored flowers. Be sure to use this plant in all shrub borders as the variegated foliage lends as much color as flowers. 18-24 in. plants.

EVERGREEN GROUND COVERS

FOR SUN, SHADE, STEEP BANKS, AROUND TREES, ON TERRACES OR FOR ANY PLACE WHERE GRASS IS NOT PRACTICAL.

HARDY BALTIC IVY

GC5 HEDERA HELIX HARDY BALTIC IVY

The extra hardy large - leaved form of English Ivy. Forms a perfect evergreen ground cover for either sun or shade. Plant 8 in. apart.

10 FOR \$1.00

100 FOR \$8.00

WINTER CREEPERS

GC10 EUONYMUS RADICANS

Prostrate vine with small dark green evergreen foliage that turns reddish in winter. Fairly fast growing, clings to earth, stones or wood; sun or shade. Plant 8 in. apart.

10 FOR \$1.00

100 for \$8.00

R1-5 VERONICA FILIFORMIS

entirely new plant from the Alps! Forms a mat of green foliage covered in spring with blue Veronicas. Grows in dense shade, almost impossible places. Plant 8 in. apart.

75c Each 3 For \$2.00 10 For \$6.50

DWARF MONDO

GC6 LIRIOPE MUSCARI EXIFLORA

Narrow leaves like a coarse grass. Has blue grape hyacinth-like flowers in May. The foliage is about 6 in. high, will grow in the most unfavorable places, dense shade, under trees or in the sun. Plant 6 in. apart.

10 FOR \$1.00

100 FOR \$8.00

MAZUS REPTANS

R52 NEW ZEALAND CREEPER

56c EA. 3 for \$1.50 \$5.50 doz. 25 for \$10

As a ground cover for a wet spot either in sun or shade, Mazus is ideal forming mats of soft green foliage studded all season long with purple and gold flowers. The whole plant is never over 2 inches high, but must have water in the dry season. Plant 8 in. apart.

PACHYSANDRA JAPANESE SPURGE

GC12—Glossy evergreen leaves on plants 6-8 in. high. Does well in sun or shade. Takes a while to establish so plant 4 in. apart.

7 for \$1.00

100 for \$14.00

VINCA MINOR PERIWINKLE

GC 13 TRAILING MYRTLE

10 FOR \$1

100 FOR \$8

Will form dense evergreen mats in either sun or shade. Permanent cover for years and years. Showy blue flowers in spring. Plant 8 in. apart.

**ROCKNOLL NURSERY
MORROW, OHIO**

ANDORRA JUNIPER

E53 POT PLANTS—8 in. and up

50c

3 FOR \$1.39

10 FOR \$4.50

A creeping evergreen tree that will not grow over 6 in. high. Best for sunny location. Plant 18 in. apart for fast cover.

FUNCKIA HOSTA LILIES

These are ideal for a location under trees or in very dense shade where little else will grow. Plant a foot apart, they will soon cover up and will grow for years with little or no further attention.

60c EACH 3 FOR \$1.69 10 FOR \$5.50 25 FOR \$10.00

P92 F. LANCIFOLIA — Really tough small leaved form, with violet blue flowers in late summer. Foliage 6 in. high.

P93 F. LANCEOLATA VARIEGATA — Leaves striped green and white. Flowers blue in early summer. Foliage 6 in. high.

CREEPING PHLOX

PHLOX SUBULATA ROSEA — Dwarf evergreen foliage, bright rose pink flowers in April. Does best in sun and sandy ground. Rosea is the toughest and fastest growing of the Phlox.

GC9A DIVISIONS — **8 For \$1.00 \$10.00 Per 100**

FLOWERING TREES

LOVELY DOGWOODS CORNUS FLORIDA VARIETIES

The Dogwoods are our most loved and showy flowering trees. They are easily grown but often slow to mature into blooming specimens. They will grow equally well in sun or half shade in most any type of soil.

- FT6 PINK DOGWOOD — Lovely pink flowers in May. 18-24 in. trees.
\$2.50 EACH 3 FOR \$7.00
- FT7 SINGLE WHITE DOGWOOD — Prolific flowering large size white flowers. 18-24 in. trees.
\$1.25 EACH 3 FOR \$3.50
- FT1-5 DOUBLE WHITE DOGWOOD — Showy double flowers that last in bloom twice as long as single. 4 in. pot plants.
\$1.00 EACH 3 FOR \$2.75

CHINESE CHESTNUT

T12 CASTANEA MOLLISSIMA

The blight-resistant Chestnut that bears fruit on young trees. Forms a nice shade and nut tree, 30 in. and up trees.

\$1.25 EACH 3 FOR \$3.39

WHITE FRINGE TREE

FT16 CHIONANTHUS VIRGINICUS
12-15 IN. TREES

75c EACH 3 FOR \$2.00

Almost a white counterpart of the Smoke Tree. Native of southern Appalachian Mountains; very showy in flower.

EUROPEAN FLOWERING ASH

FT39 FRAXINUS ORNUS — Small white fragrant flowers in mid-May. Favorite European shade tree.

2-3 FT. TREES 56c EACH 3 FOR \$1.50

GIANT SILVER BELL

FR38 HALESIA TETRAPTERA

Small tree with silver-bell-like flowers in early spring before the foliage occurs. Grows 10-12 ft. high. 18-24 in. trees.

\$1.25 EACH 3 FOR \$3.50

EUROPEAN MOUNTAIN ASH

T4 SORBUS AUCUPARIA

\$1.00 EACH 3 FOR \$2.69

Forms a symmetrical tree 20 to 25 ft. high with finely divided leaves and giant clusters of orange red berries in the fall. The European Mountain Ash is much easier to grow than our American form.

CORNELIAN CHERRY

FT37 CORNUS MAS

\$1.00 EACH 3 FOR \$2.50

Earliest blooming of flowering trees: yellow flowers in spring before the foliage, red leaves in autumn. Fruit scarlet and edible. 12 to 15 in. trees—grow to 20 ft.

ALMEY CRAB

FLOWERING CRABS

The flowering crabs are the most satisfactory of all flowering trees. They grow like a small apple, bear small crabapple fruits and are covered with beautiful showy flowers.

\$1.39 EACH 3 FOR \$4.00

2 Yr. Old Well Branched Trees. 4 Ft. High

FT29 ALMEY—Bright red blossoms. Bright red fruit, 3/4 in. diameter.

FY9 ELEYI—Well formed trees; deep green foliage, single purplish pink flowers, large red fruit.

FT1-6 ALDENHAMENSIS—Produces a wealth of single dark pink and purplish blooms in late spring followed by red fruit. Grows 12-15 ft. high.

FT10 HOPA—Large 1 1/2 inch deep rose flowers. Orange red fruits good for preserves or jelly. One of the best crabs.

FT11 RED SILVER—Reddish green foliage, flowers crepe like, dark red. Maroon red fruit.

DWARF PEACH

EACH \$2.89

7/16 to 9/16 in. caliper
3-4 ft. high. FR57 Elberta
best late season dwarf peach.

CRAB APPLE

FR73 DOLGO

Beautiful white flowers. Large crab apple, yellow streaked red. Can be used as a flowering crab and as a fruit for jellies, preserves, and spiced crab apples. 4 Ft. Trees.

3 FOR \$4.00

\$1.49 each

SPRAYING FRUIT

To be successful all fruit trees must be sprayed. Your State Department of Agriculture will be glad to furnish you with the proper spraying program for your particular locality.

Please write to them and request such information.

PLANTING AND FERTILIZING FRUIT TREES

Most any good soil is suitable for fruit trees. For success, select a well-drained location where water will not stand summer or winter. Dressing of well-rotted manure and regular feedings with a complete plant fertilizer after the first year are greatly beneficial.

GROUP FR60 HOME DWARF FRUIT ORCHARD 5 TREES

2 apples, 1 peach, 1 cherry, 1 pear.
only \$11.50

NOTE

Fruit trees are dwarfed by grafting and budding on slow maturing root stocks. Be sure the top graft or bud—identified by a slight bulge or crook—is planted at least 1 to 2 inches above ground level. If this is not done, the desired variety will produce its own roots and will no longer be dwarfed.

OUR BEST BARGAINS

E29 COLORADO

BLUE SPRUCE

7 FOR \$1.00 30 FOR \$3.90 60 FOR \$7.50
100 FOR \$12.00

- E43 CUSPIDATA**—The true Japanese Yew. Handsome spreading evergreen.
- E46 HATFIELDI**—Upright growing with many branches. Can be trimmed to barrel shape.
- E44 HICKSI**—Tall narrow growing upright. One of the best.
- E45 MEDIA #8 HEDGE YEW**—Thrifty and fast growing. Can be trimmed to most any shape.
- E72 MOONI**—An excellent broad upright type.

GROUP E47

4 PERMANENT YEWS \$2.00
YOUR CHOICE

BROAD LEAVED EVERGREENS

These are the trees and shrubs with large evergreen leaves such as the Rhododendrons and Hollies. They are greatly prized for their winter "green", and showy fruit and flowers at other times of the year. The varieties we have selected are reliably hardy except perhaps in the most northern states of the country.

HARDY AZALEAS

The Azaleas and Rhododendrons belong to the large group of ericaceous plants that require an acid lime-free soil for success. Unless your soil is acid, peat moss or hardwood leaf mold with a mulching of aluminum sulphate must be added. Azaleas do best in a sunny or semi-shaded location.

SMALL AZALEAS FOR GROWING ON

75c EACH 3 FOR \$2.00 10 FOR \$6.50

We have a collection of many of the better Azaleas available only in small quantities. These plants are small but bushy, some well branched and most with flower buds. We can only offer these to color.

One of the hardiest and most dependable strains for the northern states. Various colors include white, lilac, purple, red, pink. An evergreen shrub. 2-3 yr. old. 12-15 in. high.

E88 CATAWBIENSE HYBRIDS

\$1.50 EACH 3 FOR \$4.25 10 FOR \$12.00

Long heads of strong giant flowers. Mostly in the lavender and purple shades. These plants are grown from layered branches of large blooming shrubs, hence they are full of buds.

E1-11 ERICA CARNEA—HEATHER

Low growing heath with brilliantly green foliage. Blooms very profusely in late winter and spring. Flowers bright carmine red. Perfectly hardy. Height 6 inches. Beautiful in rockeries, around pools, in borders.

\$1.25 EACH 3 FOR \$3.25

E1-12 PIERIS JAPONICA—ANDROMEDA

A most beautiful broadleaved evergreen. In summer the color of the foliage is always changing from red to pale green, then dark green. The flower buds form for next spring in light green graceful racemes. Lily-of-the-valley-like flowers bloom with first warm spell. Flowers last as long as 6 weeks. Grows well in sun or shade. Requires acid soil.

60c EACH 3 FOR \$1.60 6-8 IN PLANTS

EVERGREEN BUSH EUONYMOUS

Hardier selected varieties useful as specimens, foundation plantings or as an evergreen hedge. They will stand trimming and hold the desired form and height very easily. 2½ inch pot plants 2 years old.

50c EACH 3 FOR \$1.39 10 FOR \$4.50

E19 PATENS NEWPORT—Upright growing variety with large evergreen leaves. Good as hedge or specimen.

E64 PATENS SARCOXIE—Small round evergreen leaves, upright grower. Can be trimmed in a pyramidal shape.

E86 VEGETUS FLAGPOLE—A narrow upright grower with large leathery leaves. Rapid grower.

E87 VEGETUS ROSE HILL—Twisted leathery leaves with a reddish cast in fall and winter. Makes a wide spreading growth.

E1-4 JAPONICA PULCHELLUS—Dwarf. Most beautiful dwarf little fellows, resembles boxwood, can be used as a tiny miniature hedge or edging.

GROUP E1-10

5 EVERGREEN BUSH EUONYMOUS \$2.19
1 Each Kind Listed.

BROAD LEAVED EVERGREENS

HARDY HOLLIES - ILEX

ASIATIC HOLLIES

Extra hardy varieties, mostly low growing except Cornuta. Useful as a foundation planting. 2½ inch pot plants.

56c each 3 for \$1.50

- E71 ILEX CORNUTA FOEMINA** — Large shiny spiny leaves; grows to 4 ft. high. Will pollinate with other Hollies. Red berries. Recommended for Ohio River south.
- E7 ILEX ROTUNDIFOLIA HETZI** — The finest of the dwarf Japanese Hollies. Showy dark, shiny leather-like evergreen leaves. Black berries.
- E8 ILEX ROTUNDIFOLIA** — Rather fast growing. Forms rounded evergreen bushes to 4 ft. high. Berries black.

AMERICAN HOLLIES

ILEX OPACA VARIETIES

True tree Hollies with dark green crinkled and spiny evergreen leaves. Fruit red at Xmas time. Plant females for berries. 1 male to 3 females to assure pollination. 2½ in. pot plants.

60c Each 3 For \$1.69 10 For \$5.50

- E1-16 MONROE** — Female. A vigorous growing tree with wide spreading branches and large spiny leaves. Prolific in fruit.
- E10 LOG CABIN** — Female. An upright growing type, very hardy, bearing many large berries even on quite young plants. Large spiny dark green leaves.
- E11 FOSTERI** — Female. Our hardiest Opaca Holly. Often grows 3 ft. a year here on established plants. Foliage small and spiny; prolific medium size berries.
- E12 OPACA** — Male. A form selected for its large showy leathery leaves and long flowering season to assure pollination.

HARDY BOXWOODS

While the North Carolina, Virginia and Tennessee area is noted for its aged Boxwoods, other parts of the country, even well into Michigan and New York, can and do raise beautiful ornamental specimens outdoors. We have tested the following kinds through several severe winters and find them quite satisfactory. 2½ inch pot plants.

56c each 3 for \$1.50 10 for \$5.50

Unless priced otherwise.

- E1-6 KENOVA BOXWOOD** — A fast growing variety from Kenova Valley, West Va. Makes a bushy compact rounded specimen without trimming.
- E20 NOBLET'S BOXWOOD** — Our neighbor, the Noblets, have this Boxwood growing in the open at the top of a windy hill. It has not been harmed in the coldest winters here. Compact, small leaved.
- E1-7 KOREAN BOXWOOD** — The hardiest of all Boxwoods. Smaller-leaves, more open growth. Will not be injured in coldest weather.
- E1-8 EGLESIA BOXWOOD** — \$1.00 each 3 for \$2.75 Extremely hardy, fast growing, small leaved. Comes from central Michigan. Only a few available.

E27 MAGNOLIA GRANDIFLORA

GLORIOUS SOUTHERN EVERGREEN MAGNOLIA TREE

75c each 3 for \$2.00

In the south this tree grows to 90 ft. tall with large shiny evergreen leaves and large fragrant white flowers, often all summer long. North of the Ohio River it should be planted in a spot protected from deep root freezing and blasts of wintery winds. 2½ in. pots.

E18 MAHONIA AQUIFOLIA OREGON GRAPE

60c each 3 for \$1.69 10 for \$5.50

Leaves are holly-like and bright green to reddish. Has clusters of bright golden flowers in spring followed by bunches of blue grape-like berries on mature plants. Best when planted in groups of 3 or more. One of the hardiest of the broad leaved evergreens. 2½ inch pot plants.

GROUP E1-9

3 HARDY BOXWOODS \$1.50
E1-6, E20, and E1-7

TEEN AGE EVERGREENS

\$1.25 each 5 for \$6.00

4 to 5 year old evergreens varying in size with the varieties listed, but all are stocky, well rooted plants just about as large as can be safely handled without balling and burrlapping. The Yews and many others are from 4-inch pots. They are large enough to be planted in their permanent location in your landscape plan. Note: All teen age evergreens indicated by "J."

YEWS

- E83J ANDERSONI** — Dark green compact spreader.
- E1-19J BACCATA** — English Yew. Upright bushy type.
- E43J CUSPIDATA** — Wide spreading type.
- E1-18J DEVASTONENSIS** — Dwarf dense ball shape.
- E44J HICKSI** — Narrow spreading upright.
- E74J VERMEULEN** — Wide spreading upright.

JUNIPERS

- E53J ANDORRA** — Dwarf spreader. Red in winter.
- E54J IRISH** — Narrow upright.
- E55J PFITZER** — Green leaved spreader.
- E56J HETZI** — Blue green spreader.
- E57J GREEK** — Barrel shaped upright.

BROAD LEAVED EVERGREENS

- E28J PYRACANTHA LELANDI** — Red berried Firethorn; large.
- E20J NOBLETS BOXWOOD** — Very hardy and compact.
- E1-5J DWARF PULCHELLUS EUONYMOUS** — Tiny leaves. Plants will grow 12-15 in. high.
- E18J OREGON GRAPE MAHONIA** — Holly-like leaves, yellow flowers.
- E1-17J KOREAN CHERRY LAUREL—PRUNUS LAUROCERAS SCHIPKAENSIS** — The hardy evergreen Korean Laurel Tree. Will grow to 4 ft. tall.
- E11J FOSTERI HOLLY** — Small prickly leaves, abundant red Holly berries.

TRY OUR 4-OZ. PKG. OF
SEQUESTRENE

For better success with plants that need free iron in the soil such as Hollies, Azaleas, Erica, Cherry Laurel, Rhododendrons, Blueberries. Four ounces is enough to treat 10 plants three times a year.

PRIMROSES
to color \$3.19

2 EACH OF R8,
R9, R11

R21 BEGONIA EVANSIANA HARDY

The only Begonia hardy in northern gardens. Beautiful pink Chinese flowers on 12-inch stems in August. Give shade and some moisture. 2 1/2-inch pot plants. Appear above ground in southern Ohio about early June.

56c EACH 3 FOR \$1.50 \$5.50 DOZ.

DWARF CHINESE FORGET-ME-NOT

P39 ANCHUSA MYOSTIDIFLORA

Perhaps the most admired plant in our spring show garden. Showers of blue Forget-Me-Nots. 15 in. high. Ideal for shade.

75c EACH 3 FOR \$2.00 10 FOR \$6.50

PULMONARIAS—LUNGWORTS

SOLDIER'S AND SAILOR'S FLOWER, SPOTTED DOG—One of England's best loved flowers that should be better known in this country. In most forms the showy flowers open deep pink and change to blue with age giving the name Soldier's and Sailor's plant—The first for the English red coated soldier, the second for the blue coated sailor. They are very grateful plants, repaying with a great show of color their simple requirements, shade, moisture, and fairly good soil. We cannot say enough in praise for the Lungworts' splendid garden behavior or for their showy flowers from earliest spring until June. All are large, vigorous plants.

75c EACH 3 FOR \$2.00 10 FOR \$6.50

SP10 MRS. MOON—Intensely bright pink and blue flowers. Leaves handsomely spotted silver.

ACAULIS PRIMROSES

Quite dwarf plants over 3-4 inches high when in bloom. Delightfully dainty plants. Standard varieties.

60c EACH 3 FOR \$1.69 10 FOR \$5.50

SP4 BAKER'S VARIETY—Bright cherry rose.

SP5 MRS. MAC GILLAVRY—Bright lilac rose. Some fringed and double.

R13 ILONE—Bright blue flowers with yellow eye.

NEW KINDS JUST IMPORTED FROM EUROPE

ACAULIS TYPES

\$1.00 EACH 3 FOR \$2.75

SP6 BETTY GREEN—Very dark carmine red.

SP7 LIZE GREEN—New large showy rose.

SP8 SPRING DARLING—Deep violet red, quite showy.

SP9 PRIMULA DENTICULATA

The hardiest and most easily grown of the Asiatic bog primroses. Showy heads of lavender blue 8-10 in. high. Do not allow roots to completely dry out.

75c EACH 3 FOR \$2.00

NEW TRADESCANTIAS SPIDERWORTS

60c EACH 3 FOR \$1.69 10 FOR \$5.50

Everblooming perennials of great beauty and easiest culture. Tolerant of wet or dry soil and perfectly hardy, they bloom day after day, even month after month. Shade or sun.

P57 G. WEUGLIN—Porcelain blue flowers from June to September.

P58 IRIS PRITCHARD—White with faint blue veining.

P186 VIRGINIA RUBRA—Deep red.

HUMIDIFIED PACKED ROSES

To assure a minimum of water loss, the roots of Rocknoll's Roses are covered with a damp packing material and tightly rolled in moisture-proof paper. The tops and the neck of the root-covering packages are then sealed by dipping in a special non-burning wax. This process assures the plants being viable and sure to grow.

OUR NURSERY—NOTE GREENHOUSES AND GROWING FIELDS

Rocknoll Nursery, started in 1928 at Foster, Ohio, with 5 acres of ground, is today located at Morrow, Ohio, in the beautiful Sugar Run valley of Warren County, with some 60 acres in nursery stock under cultivation, raising trees, shrubs, evergreens, perennials, hardy mums, pansies, etc.

Our equipment includes greenhouses, cold storage facilities, lath houses and sufficient irrigation system to assure proper plant growth.

Our organization includes many men and women well experienced in growing and shipping plants to all parts of the country. Address any questions to Rocknoll's owners and managers, Belden Saur or Eleanor Saur.

WE INVITE YOU TO ORDER FROM THIS CATALOGUE IN ONE OF 2 WAYS

1. Mark such items as you are interested in, come to the nursery and pick them up in our Country Garden Market.
2. Order by mail—Select the plants and bulbs you wish, enter them on the order blank and also the catalog number and mail to us as soon as possible. Your plants will be delivered as requested on order blank or just as soon as permissible by weather.

ON MAIL ORDERS

TIME OF DELIVERY—Please specify the earliest date you want your plants, on space provided on order blank. We will do our best to deliver when you say, but usually start about March 15th.

POSTAGE AND HANDLING CHARGES. To help cover postage and packing costs we must ask you to add 50c service charge to all orders large or small. Costs above this 50c we will assume.

HOW TO REMIT. Please send your personal check or money order with order blank. We do not recommend sending cash thru the mails.

C.O.D. If you wish, but remember this will cost you about 50c or more for actual government charges for C.O.D. packages.

ALL PLANTS GUARANTEED

We guarantee to ship only state-inspected, true-to-name, thrifty, clean plants. Upon receipt of your stock, if for any reason whatsoever it is not satisfactory, return it at once packed as you received it, and we will refund your money or replace shipment.

Failure of plants to grow may be due to weather, improper handling or planting, over-fertilization, dogs, weed killers or soil conditions, all of which are beyond our control. Please follow planting instructions carefully. However, until July 15th, if you suffer any failures we will replace at one-half the purchase price. No claims allowed after that date.

← Please state earliest date
order can be accepted.

POSTAGE & HANDLING CHARGES
To help cover postal increases and packing costs, we must ask you to add 50c service charge to all orders large or small. Costs above this 50c we will assume.
